

What's Happening Wednesday

Kansas Immunization Program

December 9th, 2015

Vaccines for Children

VFC Nurse on Call -Nurse on Call is Stephanie Lambert at Slambert@kdheks.gov or 785-250-7165.

Chief Chat –

Thank you all for your understanding and patience as we deal with the delay of Pentacel vaccine manufacturing. If you ordered Pentacel this month, we held your order until Tuesday morning of this week (the day after the ordering process was closed for the month) so that we could analyze the cumulative orders. We examined each order, comparing it with the inventory on hand and the administered doses for the last six months. We then allocated the allotment we have received from CDC to meet the needs as effectively as possible across the state. For some, this meant you are receiving the full order you placed while others are receiving a slightly reduced shipment, but you should have enough combined with your current inventory to continue vaccinating according to the normal schedule. You may monitor updates directly on the CDC Vaccine Shortage page of their website at <http://www.cdc.gov/vaccines/vac-gen/shortages/default.htm> which has recently been updated with the alternate schedules we provided in last week's special bulletin regarding the delay. We will also do our best to continue keeping you updated in *What's Happening Wednesday* and with special bulletins if the situation warrants such an announcement.

As you are aware, vaccine ordering is open each month from the 1st to the 7th. We are also requesting that you have all orders completed by 3:00 PM on the last day of the ordering cycle. The reason for this specific deadline is to allow time before the close of business for your temp logs to be cleared which must be done for you to fully submit your order. Please understand that the KIP staff work as quickly as possible during the ordering period to expedite each step of the process assuring orders are completed and submitted promptly. This is the priority activity of many staff during this time each month. We appreciate your patience and understanding as we seek to respond to your needs quickly. It is always greatly appreciated when you are able to complete the ordering process prior to the last minute. As you can imagine, with orders coming in from over 300 providers each month, the earlier your order is in the queue, the more efficient the system will operate.

You likely noticed that we began using the KIP email address as a means of pushing out two special bulletins last week to address larger and more complex matters than normally included in the *What's Happening Wednesday*. As was mentioned when we introduced this email address, this is one of the uses for it. We welcome your feedback at any time as we continue to strive to be more efficient with our communication with you as partners. We would appreciate your comments related to the style of the special bulletins, the usefulness of them to your daily work and if you feel they were worthy of being sent in the manner they were distributed. Feel free to send your comments to KIP@kdheks.gov.

Phil Griffin-Deputy Director, Bureau of Disease Control and Prevention

VFC Question of the Week-

Q: What do I do if the Kansas Immunization Program supplied data logger screen is blank?

A: Place the back-up certified calibrated thermometer in the storage unit while you resolve the issue with the datalogger. If you have technical problems or have forgotten your Coldstream login password contact: Sensitech Technical Service: 1-800-843-8367 or support@sensitech.com

Immunize Win a Prize 2015

Please note that the Immunize Win a Prize project for 2015 ends at the end of this month! For all of you who have been collecting your completion cards for this year, please remember to submit them starting January 4th, 2016 to:

Immunize Win a Prize

1000 SW Jackson

STE 210

Topeka, Kansas 66612-1274

We will start drawing and notifying you of your \$300 Utility Bill winner as soon as your cards arrive! Please note that although we are currently out of "per visit" small incentives, we will be continuing the IWP project grand prize \$300 Utility Bill payments again at the end of 2016!

Vaccine-Preventable Disease Outbreaks

Pertussis "Whooping Cough" – RENO COUNTY: KDHE and Reno County Health Department are still investigating an outbreak of pertussis. A total of **98** cases of pertussis have been reported in Reno County since 2015 and **92** of those cases have been linked to the outbreak.

For updated case counts of any EPI reportable disease, please visit the KDHE webpage at http://www.kdheks.gov/epi/case_reports_by_county.htm. Please note these numbers are preliminary and are subject to change based on case review. For any questions about reporting or for technical assistance please call the KDHE epidemiology hotline at 877-427-7317

Chelsea Raybern, MPH Epidemiologist Bureau of Epidemiology and Public Health Informatics

DID YOU KNOW?

Did you know that anytime vaccine is wasted or expired the dose(s) need to be entered into the wastage section of KSWebIZ within 72 hours?

Influenza Surveillance

Kansas continues to experience low influenza activity as reported by Influenza-like Illness Network (ILINet) sites. Influenza-like illness is defined as a fever (≥ 100 degrees F) and the presence of a cough and/or sore throat. ILINet sites also submit up to two specimen for testing the Kansas Health and Environmental Laboratories (KHEL). These specimens help monitor the types of influenza that are present in Kansas. During the week ending December 5th, ILINet sites reported 1.3% of visits were due to influenza-like illness. There have been no positive influenza specimens tested at KHEL.

Amie Worthington-KDHE Medical Investigator

Influenza Vaccine Available

We currently have stock in the following presentations:

Updates to the available doses will be posted weekly in the What's Happening Wednesday newsletter. If you have questions regarding FluMist delays, how flu orders are filled, and availability, please refer to the 2015-2016 Seasonal Flu communication or contact Jackie Strecker at 877-296-0464 or vaccine@kdheks.gov.

2015-2016 PEDIATRIC SEASONAL FLU CHART - UPDATED 12/9/15

Manufacturer	Brand	NDC	Age	Presentation	VFC	Available	CHIP	Available

KSWEBIZ Trainings

Aggregate Inventory Training

The Aggregate Inventory Training occurs the first Friday of every month from 10:30 -11:30 a.m. This call will go over the basics of the On Hand, Reconciliation (MIR submission) and Vaccine Ordering windows in KSWebIZ for Aggregate Users. Bring questions and examples of issues that your clinic is having with the end of the month reporting. **Please note:** this call is for KSWebIZ Aggregate Users Only! After registering, you will receive a confirmation email containing information about joining the webinar. <https://attendee.gotowebinar.com/rt/6598705111102500354>

Register now for the date that works best for you!

Direct Entry Inventory Training

The Direct Entry Inventory Training occurs the first Friday of every month from 12 -1 p.m. This call will go over the basics of the On Hand, Reconciliation (MIR submission) and Vaccine Ordering windows in KSWebIZ. Bring questions and examples of issues that your clinic is having with the end of the month reporting. **Please note:** this call is for KSWebIZ Direct Entry Users Only! After registering, you will receive a confirmation email containing information about joining the webinar. <https://attendee.gotowebinar.com/rt/4121654947304535298>

Register now for the date that works best for you!

New User Training

The New User Training occurs the second Friday of every month from 12 -1 p.m. This basic training is for new KSWebIZ users, or people who would like a simplified refresher training on how to use KSWebIZ. We will be going over log-in, adding history, administering vaccinations, printing consents and pink cards. If you are a new user, have a new token, or recently had a token transferred to you please take the time to sit in on this training! **Please note:** this call is for KSWebIZ Direct Users Only! After registering, you will receive a confirmation email containing information about joining the webinar.

Register now for the date that works best for you! <https://attendee.gotowebinar.com/rt/1572841858584797442>

School Module Training

The School Module Training occurs the third Friday of every month from 9 - 10 a.m. This basic training is for new KSWebIZ school module users, or people who would like a simplified refresher training. **Please note:** this call is for KSWebIZ School Module Users Only! After registering, you will receive a confirmation email containing information about joining the webinar. <https://attendee.gotowebinar.com/rt/8422671756415350273>

Register now for the date that works best for you!

Reports Training

The Reports Training occurs the fourth Friday of every month from 12 - 1 p.m. This training is for KSWebIZ users who are wanting to learn more about the KSWebIZ Reports. We will be going over the various reporting sections and how to generate reports within these sections. We hope you have time to sit in on this training! **Please note:** this call is for KSWebIZ Direct Users Only! After registering, you will receive a confirmation email containing information about joining the webinar.

Vaccine Redistribution

Please email any additions or changes to be made on the Vaccine Redistribution lists with subject matter "Redistribution" to vaccine@kdheks.gov or call toll free at 1-877-296-0464
http://www.kdheks.gov/immunize/vaccine_redistribution.htm

REMINDERS: Providers may place the excess doses on the KIP Redistribution list if:

- 1) The vaccine has a minimum of 90 days and a maximum of 365 days before the vaccine's expiration date;
- 2) The ordering provider is responsible for any doses which expire on the redistribution list that have not been accepted for transfer to another VFC provider;
- 3) Providers accepting vaccine from the redistribution list are responsible for using the doses once they are transferred. KIP encourages providers to accept only doses they can administer before the expiration date;
- 4) The transferring and receiving provider will document these doses on their monthly MIR/reconciliation reports as transferred vaccines.
- 5) Once vaccine is transferred please contact KIP to let us know so we can adjust the redistribution list by either deleting the line or by reducing the amount of doses.
- 6) All vaccines must be in full boxes
- 7) The KIP nurse consultant who is on call must be contacted prior to transferring vaccine
- 8) Providers are responsible for keeping KIP notified if there is a change in amount of doses available for redistribution.
- 9) When placing an order, you may be contacted if the vaccine you are trying to order is on the redistribution list.
- 10) Varicella and Proquad, will not be posted on the VFC or Private Vaccine Redistribution List.

Frozen Varivax vaccines are very intolerant to out of range temperatures. To prevent potential vaccine waste the Kansas Immunization Program requests that Varivax containing vaccines not be transferred to other providers.

Questions regarding transporting vaccine call 877-296-0464 to request assistance.
